## About This Game

Nogalious is a pixel-art action-adventure set in a medieval-themed universe with plenty of puzzles and demanding challenges. Take on the role of Nogalious, a former knight of the Kingdom of Rusadir, and explore 5 different worlds to save your daughter Mariet from the evil claws of Darama.

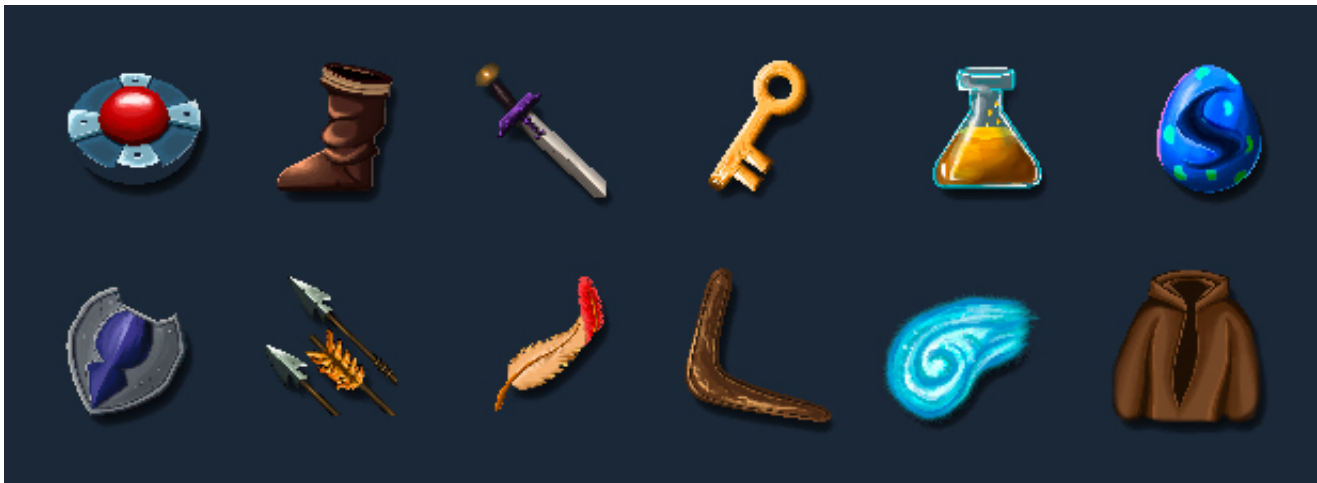

### Classic 8-bit 2D platforming now on Steam

**Nogalious** brings back the magic of 8-bit computers to your PC! Originally released on MSX, Spectrum, Amstrad and Commodore 64, this brand new version on Steam adds more than 100 achievements and genuine retro playability.

### Fight the malign forces of darkness

Stop Darama, former right hand of King Alphan, from conquering the Kingdom of Rusadir. Beat the armies of minions commanded by 4 terrifying bosses –Zovach, Grotton, Harmor and Lordaf– and bring Mariet back home. As in classky adventures, use different objects and weapons to ruin Darama’s plans!
